To the Richmond Selectboard-

Greetings. I am interested in being reappointed to the Richmond Trails Committee.

Our committee has made many gains in providing safe and healthy routes of travel and recreation for the town of Richmond and we have more work to do.

I would like to be reappointed to this committee, so that I can continue to be part of this important work.

Thanks for considering my reappointment.

Best-

Jean Bressor

To Whom it May Concern,

I'm very interested in remaining on the Trails Committee for another term. I've been an active member of the committee for several years now, including a past chair, and feel that my experience and knowledge can continue to contribute positively to the mission of the committee. I am a professional engineer in the field of Transportation Engineering, specifically in soils and rock, and feel that best practices and general principles can be carried over into the realm of trails and pathways for the community.

I have a strong interest in helping to maintain and grow the recreation opportunities in Richmond with a small child and one on the way. I understand the importance of balancing those opportunities with protecting sensitive ecological environments and responding to the needs and interests of the Town.

Please consider my re-appointment to the Trails Committee and let me know if you have any questions that I can help to address.

Thanks,

Callie Ewald

Dear Selectboard,  
My name is Alison Aiken and I have served on the Trails Committee for the past three years. I am a 17 year resident of Richmond and an avid user of its trail systems. I also strongly believe in developing and maintaining trails that best serve our community. I have attended the Trail committee meetings regularly and attended most of the trail work meetings - excluding several last summer when I was injured. My professional background is as a physical therapist and I recently opened a small physical therapy business in town in the old Victorian Inn. I am also a mother of two small children who are also avid trail builders. It is my hope to share the love and respect for our shared spaces with my children and to instill in them the values of respect and care for the land we live on and the community we live in.

Thanks for your consideration in reappointing me to the Trails Committee.

Alison Aiken
