Dear Duncan and members of the Selectboard,

I am applying for a second term on the Parking Advisor Committee. I was appointed in early 2021 and my current term ends this spring.

Since the Committee's beginning last year, substantial progress has been made in addressing recreational parking concerns. This is the result of the combined efforts of residents, town staff, and the Richmond Land Trust.

Last year the committee's focus was on the Winooski River Corridor. New off road parking areas improved safety. Access for residents to recreation was significantly enhanced. Going forward, the Committee is researching solutions to long standing parking issue along Dugway Road and Huntington Gorge.

I would be honored to continue my work with the committee for another term. I am a 24-year resident of Richmond. I have enjoyed the numerous recreational opportunities we have in town. I wish for these opportunities remain accessible, while minimizing conflicts and safety concerns.

Thank you,

John Rankin
