

## 1. What is Discretionary Funding?

Discretionary funding is a duly-appropriated sum of money in the Town's expense budget allocated to an eligible not-for-profit organization by the Selectboard and approved at Town Meeting.

## 2. What Types of Organizations May Receive Discretionary Funds?

Discretionary funds may only be allocated to not-for-profit; community-based social services providers. In order to receive discretionary funds directly, an organization must be incorporated as a not-for-profit and registered with the State of Vermont., unless exempt and have a Federal Employer Identification Number (EIN).

## 3. What Types of Organizations May Not Receive Discretionary Funds?

For-profit entities may not receive discretionary funds, except when the primary non-profit contractor subcontracts with a for-profit entity as part of the delivery of services. Such subcontracts, however, must be only an ancillary part of the program to be funded, not the primary basis for the discretionary award, and must be approved by the contracting agency.

## 4. What are the Restrictions on the Use of Discretionary Funds?

All public funds, however awarded, must be used for a Town purpose. In general, a Town purpose is defined as an activity or service that is open to all members of the public, regardless of race, creed, gender, religious affiliation, etc., without restriction, and which does not promote a particular religion.

Programs and services provided by religious or religiously-affiliated organization must be able to demonstrate that the program is open to non-members, is not a religious program, and does not promote the religion.

Closed membership groups, which are those to which membership is restricted or subject to eligibility based upon prohibited factors, may generally not receive funding.

Groups that serve a particular population, for example, those age 65 and above in a particular community; are not considered a closed membership group, as long as the program is open and accessible to all seniors in the community. Similarly, tenant organizations in public housing may also receive funding, as long as they provide equal access to all residents of the public housing units they serve.

Funds may only be allocated for a public purpose and may not support political activities and private interests.

## 5. How to Apply for Discretionary Funding?

All organizations that wish to receive discretionary funding must submit a "Request for Special Appropriations" application to the Town Manager. The application elicits information about an organization's experience, qualifications, and integrity, and the project or service for which the organizations is requesting support. The form is available on the Town website under DOCUMENTS, then, APPLICATIONS or by emailing Kathy Daub-Stearns, Administrative Assistant, at: [kdaubstearns@richmondvt.gov](mailto:kdaubstearns@richmondvt.gov) . # Local Democracy and Front Porch Forum

## *Neighbors using FPF become better informed and more engaged.*

A neighbor's story from Heidi Ballentine in Newfane, Vermont:  
"Recently, a neighbor posted an invitation on Front Porch Forum (FPF) for people in our town to gather in questioning how we can become more informed and better able to respond to current social issues. From that one post, 40 people showed up, including many local legislators. Without FPF's community-building infrastructure, this would not have occurred."

**What fuels a healthy democracy?** Informed and engaged citizens. Today, technology can impede communication with an overload of noise and misinformation, while spurring often disrespectful screen-to-screen debates. In contrast, Vermont neighbors and thousands of their local public officials post and read about local issues and political matters on Front Porch Forum. Open and civil discussion on FPF leads to people being better informed and getting more involved in their communities. This helps support a healthy local democracy.

According to FPF co-founder Michael Wood-Lewis, "FPF was created with the idea of supporting and encouraging vibrant communities. A big part of that vibrancy comes from a strong local democracy and open communication with our public officials, who we've welcomed to the forum since its beginning in 2006."

Every day on Front Porch Forum we see actions, small and large, taken by empowered and informed individuals who have a stake in the future and well-being of their neighborhoods. The result is a stronger community and stronger local democracy. **Stay informed about local issues on FPF. Speak up. Act.**

"Technology as a tool can be used to divide us or to bring us together, and it just depends on who's using the tool and how it's wielded," says Middlesex Town Moderator Susan Clark. "I really admire the way Front Porch Forum uses the Internet, but does not try to keep you on the screen for hours. It urges you to read it and then get going, and go out and be with your neighbors. That is really important and constructive in terms of building community and building democracy"

*Front Porch Forum is a statewide network of online local forums, where neighbors post about a wide variety of topics. In many Vermont communities, more than 75% of local households participate. Learn more at [frontporchforum.com](http://frontporchforum.com).*
