Hey Josh,

I just wanted to pass along a note of support for keeping the ROW open on Williams Hill from the owners of Sleepy Hollow in Huntington.

Tyler,

Sleepy Hollow Inn, Ski and Bike Center wishes to voice support for Richmond Mountain Trails to build a trail through the class 4 road right of way between Williams Hill Rd and Palmer Lane. Community connections and trails are important to a healthy and vibrant community. Having this trail as a connector would help mountain bikers, runners and hikers connect from the extensive Richmond Mountain Trails through to Sleepy Hollow's trail system and beyond.

Let me know if I can help in any other way.  
Thanks,  
Eli Enman
