Josh,

I would like to re-up on Town Energy Coordinator. By the way, I have doing this since 1992, one of the longest serving Town Energy Coordinators in the state. I think folks in town know me well for my service to date.

I would also like to apply for another position if I may, "Weigher of Coal". As Town Energy Coordinator I feel I am eminently qualified for this new position and I feel it is complimentary to my duties at Energy Coordinator. It would be an honor to serve the Town in this way.

Let me know if there is anything else I need to do to apply for these two positions.

Thanks.

Jeff
