VOLUNTEERS GREEN FIELD ACCESS CHANGES

All users of Volunteers Green should now use the Park Access Road to access the sports fields and parking lot at the back of Volunteers Green. There is no longer field access or parking at the end of Esplanade. The Richmond Selectboard, responding to complaints of heavy traffic on Esplanade, have decided to close the end of Esplanade to field traffic, and intend to have everyone use the Park Access Road, which has been widened to accommodate 2-way traffic and parallel parking along the field-side of the road. Additional parking has been added at the back lot and we can fit 75 vehicles at that end.

Again, there will be no parking at the end of Esplanade. The Town will shortly implement a formal "No Parking" zone and our intent is to get all Volunteers Green visitors to use the Park Access Road.

Questions of complaints about this new traffic pattern can be directed to Geoffrey Urbanik, Town Manager, at (802) 434-5170 or email townmgr@gmavt.net
