Request for Qualifications for Demolition

Town of Richmond

The Town of Richmond is seeking demolition contractors to demolish a residential structure under a FEMA Hazard Mitigation Grant Program Buyout. Interested contractors must submit a prequalification statement to receive a scope of work and invitation to bid. This qualification statement must contain the following:

- a) Provide proof of license or certification for any work to be provided, as required.
- b) Provide proof of insurance to include Commercial General Liability and Workmen's Compensation.
- c) Provide documentation of technical capability, education, or expertise with regards to the skills and knowledge required to perform residential demolition projects. Work must be completed in accordance with permitting requirements, OSHA standards, and all material must be disposed of properly.
- d) Provide contract information for three recent and unduplicated clients for similar projects, which need to include name, contact person, date of work, address and phone number.
- e) Provide a sworn statement regarding public entity crimes.
- f) Provide availability information, and indicate the ability to complete the proposed demolition within **60** days of award, which is anticipated approximately **60** days after bids are submitted.

For an invitation to bid, please submit this prequalification statement by 4:00 PM on Friday, August 8, 2014 to: Town Manager, Town of Richmond, PO Box 285, Richmond, VT 05477.
