

Hello Josh

My name is Jim Monahan and I am currently serving on the Richmond Trails Committee and I am interested in serving on the Andrews Town Forest Committee. I am excited about the town of Richmond having this great resource. I would like to help with the process of getting folks access to this town resource. I have been involved building, planning, and working on trails in Richmond over the last 5 years. My experience ranges from building, maintaining, and looking at future recreation opportunities in Richmond. I would like to see the ATF be open to all community members and allow people to enjoy the outdoors.

Thanks for your consideration.
