Hi Josh,

Marti Churchill forwarded your email exchange to me - I'm a Richmond resident and the President of the VT Affiliate of the American College of Nurse Midwives, and helping to coordinate our charitable event. We're seeking support for the work of Certified Nurse Midwives in the State on behalf of women and all birthing people. We are hoping to attract up to 50 people to the event (that may be optimistic).

Name of Event: Midwives Move Mountains 5/10K Fun Run & Walk

Date: Sunday September 27, 2020

Time: Event 10 am - 1 pm (Arrive at 9 am for set up - depart by 2 pm)

Race/Walk Route: Starting at Round Church down Cochran Rd - out and back route

Registration/after event activities at Volunteer Green band shell area (Application for park use/fee forthcoming with event approval)

We hope to attract between 35-50 participants and will plan to rent one Port-O-John. With that number of participants, and our plan to have staggered start times for the run/walk distances, we do not anticipate need for road closure, but will make "Caution Event in Progress" signs for Cochran Rd. and notify residents as the guidance suggests. We plan to advertise to the local community for participation and also invite local businesses to support/sponsor the event in some way. We will definitely be advertising local restaurants to event participants.

I'm happy to come to the Select Board meeting to talk about our event. Please let me know the date ASAP so I can be available.

Thank you!

Sincerely,

Bonny Steuer

422 Wes White Hill Rd/ 802-922-4324
