

1. What is Discretionary Funding?

Discretionary funding is a duly-appropriated sum of money in the Town's expense budget allocated to an eligible not-for-profit organization by the Selectboard and approved at Town Meeting.

2. What Types of Organizations May Receive Discretionary Funds?

Discretionary funds may only be allocated to not-for-profit; community-based social services providers. In order to receive discretionary funds directly, an organization must be incorporated as a not-for-profit and registered with the State of Vermont., unless exempt and have a Federal Employer Identification Number (EIN).

3. What Types of Organizations May Not Receive Discretionary Funds?

For-profit entities may not receive discretionary funds, except when the primary non-profit contractor subcontracts with a for-profit entity as part of the delivery of services. Such subcontracts, however, must be only an ancillary part of the program to be funded, not the primary basis for the discretionary award, and must be approved by the contracting agency.

4. What are the Restrictions on the Use of Discretionary Funds?

All public funds, however awarded, must be used for a Town purpose. In general, a Town purpose is defined as an activity or service that is open to all members of the public, regardless of race, creed, gender, religious affiliation, etc., without restriction, and which does not promote a particular religion.

Programs and services provided by religious or religiously-affiliated organization must be able to demonstrate that the program is open to non-members, is not a religious program, and does not promote the religion.

Closed membership groups, which are those to which membership is restricted or subject to eligibility based upon prohibited factors, may generally not receive funding.

Groups that serve a particular population, for example, those age 65 and above in a particular community; are not considered a closed membership group, as long as the program is open and accessible to all seniors in the community. Similarly, tenant organizations in public housing may also receive funding, as long as they provide equal access to all residents of the public housing units they serve.

Funds may only be allocated for a public purpose and may not support political activities and private interests.

5. How to Apply for Discretionary Funding?

All organizations that wish to receive discretionary funding must submit a "Request for Special Appropriations" application to the Town Manager. The application elicits information about an organization's experience, qualifications, and integrity, and the project or service for which the organizations is requesting support.

To what extent does this need or problem exist in the Town of Richmond? ___ Poverty continues to be the most pervasive challenge for families and is the underlying cause or effect of other problems that lead to poor social determinants of health – substance use, mental health conditions, child abuse and neglect, inadequate housing, incomplete schooling, food insecurity. The latest data shows that 16.5% of children under age 5 in Vermont live in poverty and 26% of single parent households are living in poverty.(KidsCount, 2019). Vermont continues to struggle with opiate use with the percentage of illegal drug use amongst adolescents higher than the national average every year since 2009 (NSDUH Behavioral health survey). Children are being affected by parental substance abuse at unprecedented rates with over 1250 children currently in state custody due to abuse and neglect concerns. Substance use disorder, child welfare concerns and a lack of opportunities for self sufficiency and independence for young families are problems that are present in Richmond as much as they are in every single town in Vermont.

Other other services primarily take place in Chittenden County. Women come to our residential program from all over the state because it is the only program where a woman can engage in treatment while living with her child.

Describe the steps you take to make the project known to the public, and make the program accessible and inclusive? Children are full of unique and incredible possibilities. But not all children in Vermont have what they need to be healthy and safe, let alone dream about their futures. Lund,one of the oldest and most recognized family service agencies in Vermont, is working to change the challenging circumstances faced by many families. We are dedicated to meeting families where they are at which can mean meeting them in their homes, attending school meetings, transporting clients to appointments, working with medical providers or other professionals to ensure that we remove barriers for clients who needs our services.

We are also supported by the United Way, private individual donors, local businesses and private foundations. We have applied to several other towns in Chittenden County - Colchester, South Burlington, Bolton, Milton, Williston, Essex, Huntington and Hinesburg.
