Morning Josh,

Future Water and Sewer Commissioners.

I committed myself to 1 year starting in December 2021. I will honor that commitment up to December 1st 2022 or thru December

Sincerely,

Greg Tucker

RE: WATER & SEWER COMMITTEE MEMBER OPENING

Dear Mr. Arneson,

I am interested in serving on the Water & Sewer Committee and understand there is presently a vacant seat on the Committee.

I live at 122 Tilden Avenue and have been a resident of Richmond, Vermont since 2005. I am married and have raised 2 children in Richmond. Our family truly enjoys living here, care a lot about the town, and making Richmond a positive and viable community.

My present job is a commercial real estate property manager with over 27 years experience in all aspects of small scale commercial real. I grew up working on construction projects, worked in the land and offshore survey business until 1995, have participated as a partner in bidding and construction small facilities outside of Vermont and now serve as a managing partner over seeing maintenance, repairs, expansions and lease management. Besides commercial real estate experience I also was the managing partner at Otter Creek Brewing in Middlebury from 2002 to 2010.

I believe I can contribute to the Committee with my experience upgrading several of the properties I manage from septic system and well to municipal water and sewer. The upgrades have been as simple as taping into existing lines at the property line to having to contract to extend lines and road borings. My time at Otter Creek Brewing required working with the Town of Middlebury mitigating BOD loading and rates charged commercial properties.

Please do not hesitate to contact me if you should have any questions.

Sincerely,

Morgan Wolaver
