RE: Water and Wastewater Allocations for 4 Cochran Rd.

Dear Mr. Bressor,

This letter is in response to your request to seek final water and wastewater allocation for one, three bedroom unit at 4 Cochran Rd.

In a letter dated December 3, 2019 the approved preliminary allocation was outlined as follows:

- Wastewater: 7 units at 210 GPD per unit for a total allocation of 1,470 GPD
- Water: 7 units containing 19 bedrooms at 150 GPD per bedroom for a total allocation of 2,850 GPD

The amount of final allocation requested is:

- Wastewater: 1 unit at 210 gallons per day X \$4.41 per gallon: \$926.10
- Water: 1 unit containing 3 bedrooms at 150 GPD per bedroom for a total of 450 GPD X \$1.89: \$850.50
- Total charge for both water and wastewater allocations: \$1,776.60

After the above is taken to final allocation the remaining preliminary allocation will be:

- Wastewater: 6 units at 210 GPD per unit for a total allocation of 1,260 GPD
- Water: 6 units containing 16 bedrooms at 150 GPD per bedroom for a total allocation of 2,400 GPD.

Please let me know if the above is how you would like to proceed. If so, we will schedule time at the April 27, 2020 Water and Sewer Commission meeting for them to consider approval of this final allocation. In order for the Commission to vote on the allocations outlined in this letter, the Commission must be in possession of a check for payment on these allocations.

Sincerely,

A handwritten signature in black ink, appearing to read "Josh Arneson".
