9 Questions from the board:

10 Ms. Anand asks how steep the driveway is. Mr. Barnard replies that the slope will not be
11 greater than 11.1% Ms. Anand references preliminary hearing question about the ROW for
12 the Wards. Mr. Pedersen invites Mr. Ward to come be sworn in and make comments. Mr.
13 Ward states his belief that legally the intent was there but he hasn't been able to find an
14 easement over EM0633 that would allow access to the rear of his parcel. Historically, they
15 had access across meadow to log road.
16

17 Ms. Anand asked if it is being used now. Mr. Ward replies no. The last time they removed
18 logs they didn't want to disturb the meadow and used a different way to remove.
19

20 Mr. Pedersen agrees that the easement is vague. Mr. Barnard says that the easement that
21 is filed in Land Records does not go over Lot 5B. Mr. Ward says the intent was there but not
22 correctly filed.
23

24 Mr. Pedersen asks again if the Wards are using the log road. Mr. Ward replies not now. Mr.
25 Barnard says that the Ward's still have access from their property to the rear of their lot but
26 not over Lot 5B. Surveyor and attorneys haven't found any evidence that an easement was
27 recorded.
28

29 Mr. Wood states that the log road doesn't appear to have been used recently and is hard to
30 distinguish. There are remnants though.
31

32 Mr. Pedersen asks whose attorney researched deeds. Mr. Wood replies that his attorney has
33 looked at it twice. Mr. Barnard states the surveyor has look as well. Mr. Pedersen ask if the

50 Mr. Firman sworn in.
51

1 Questions from the board:

2 Mr. Pedersen confirms that this is a continuation from December 2019 meeting.

3

4 Mr. Firman explains that it came to light in the last meeting that, per the current zoning, they
5 can't have 4 units. They have therefore submitted a revised plan for the second floor that
6 would be 3 dwelling units and 2 office spaces. Mr. Firman also explains that the new Village
7 Downtown regulations require parking plan or a permit from the Town. Since there currently
8 isn't a parking permit plan they have spoken to Buttermilk and they have agreed to let the
9 required number of spaces. Mr. Firman states that the exterior color will be Benjamin Moore
10 Army Green # 2141-30. He says that it is more of a Forrest Green.

11

12 Mr. Monks asks if the trim will be green as well. Mr. Firman says yes.

13

14 Ms. Anand asks if Mr. Firman can speak about the parking issue. Mr. Firman explains that
15 new district required to have parking plan or parking permit through the Town. Since the Town
16 doesn't have a permit system set up they have looked for an alternate plan.

17

18 ZA requests that Mr. Firman address his meeting with Water/Sewer Department and Town
19 Manager. Mr. Firman states that he became aware that curb stops are to be replaced along
20 Bridge St. this year. They decided that Mr. Firman will move the curb stop so the Right-of-
21 Way will not be a factor with the new side porch.

22

23 Mr. Pedersen asks how close it is to road. Mr. Firman replies about 8' and will need to redirect
24 water to new location outside the ROW.

25

26 Mr. Pedersen asks about 2nd floor and changes from previous time before the board. Mr.
27 Firman explains changes: laundry removed; changed the hallway per fire marshal request;
28 and changed to two 2-BRs, 1-1BR, and now 2 offices. Laundry will now be on the 1st floor off
29 back shed area.

30

31 Ms. Anand ask if the green paint will go on the metal siding and that he will keep the pressed
32 metal siding. Mr. Firman replies yes. He likes it. They have found an old photo that shows
33 the siding.

34

35 Ruth Miller, MMCTV, states that the building was once a livery stable. MMCTV has picture
36 from 1870's.

37

38 ZA explains that there are two Historic Districts in Richmond. This property is in one of them,
39 but unfortunately being on the State Register gives no protections. It would be up to the Town
40 to enact protections for historic structures.

41

42 Mr. Pedersen asks ZA if there are any other issues. ZA requests that Mr. Firman discuss the
43 side porch and permeable seating area. Mr. Firman explains plan. Mr. Pedersen confirms
44 that there is no change from December meeting. Mr. Firman states correct. The side yard
45 setback decreased to 0' but lot coverage retained in the new zoning district.

46

47 Mr. Firman explains change to the windows due to the banquet seating and cremee window.
48 Mr. Pedersen asks if this is on the parking lot side. Mr. Firman says no on the porch/street
49 side. He explains that they have to change some window sizes on parking lot size. Plans to
50 replace the porch with the same pitch, maintaining depth and bringing on the side of the

1 building. Went down this path with Hatchett and thinks that this new outdoor space will add
2 to the Town. People like to be outside. He want to enhance what is already there.

3
4 Mr. Firman says that the space in the back on 1st floor haven't quite decided what to do with
5 it. Former kitchen was really large. Hoping to use as an event space. Entrance off the back.
6 A gathering space.

7
8 Mr. Pedersen asks how many can the space hold. Mr. Firman replies 30ish. Mr. Pedersen
9 ask if he get many requests for weddings for Hatchett. Mr. Firman replies yes. The goal of
10 this establishment is to cement the Town as a vibrant destination and a food destination.

11
12 Discussion about former use of building.

13
14 Mr. Firman would like to help non-profits in the area and to be able to host events for them.
