

Richmond Trail Committee Minutes
July 27, 2021

In attendance:

Willie Lee
Alison Aiken
Jean Bressor
Jim Monahan
Callie Ewald

Tabled approval of minutes from last meeting until quorum is met.

Wright Preston present asked if two switchbacks on the Sip Of Sunshine Trail could be moved so they were 10' away from his property line with David Sunshine. Trail committee requested he email David and copy Jim Monahan regarding this request. Jim Monahan stated he would look at the trail for how it could be rerouted to meet this request. Willie stated he would send a work party date for August to potentially move the trail.

Review of VYCC quote to repair bridges on the Rivershore Trail. There are 7 bridges in total ranging from 16-27' in length. The quote for repairing all 7 was over \$50,000. Jean Bressor proposed a three year plan to repair the bridges and we could prioritize the first three bridges that needed repair. Discussed getting quotes from other trail builders including Dana Cabrerra and Zack Freeman for bridge repair. Jim Monahan stated he would contact Dana. Willie stated he would contact Zack. Jim stated he would ride the river trail and take some photos of the bridges.

Willie Lee reported that he hung a few more signs on trails and still has more to carve and cut.

Willie, along with Lars Whitman and Jimmy Cochran, has been opening and closing trails due to conditions via a community accessed spreadsheet and this has decreased use when trails are muddy. It was proposed a QR code at trailheads with access to the spreadsheet could be useful.

It was suggested that a "No Recreation Parking" sign at the Round Church might help guide recreators to other areas.
