

October 18th, 2016
Richmond Trails Committee Meeting

Present: Martha Marciel, Callie Ewald, Sam Granlty, Jan Stokes, Steve Bower and Jean Bressor

Robin Rabideau from the Richmond Rec Comm joined the meeting.

-Martha updates the committee on the effort of a group of Richmond residents who are working to create a pump track in Richmond.

-We discussed signage on trails. Sam will look into some yield signs (signs that delineate who has the right of way on trails, hikers, runners, bikers and on the Rivershore trail – horses). We discussed several arrow signs on the east end of the Rivershore trail where there are jogs in the trail. Also, discussed an "Exit Only" sign at the bottom of Visceral Trail.

-We have spent a portion of the \$ from the OGE grant. Callie proposed a bench along Lung Ta to take in the view. We also talked about purchasing tools and wood for future signage.

-The previous Sunday's work party went well – smoothed out areas where the trail had eroded around roots.

-Martha will reach out to Sally Fellows who is interested in connecting Christmas Lane in Williston (where her property is) with Christmas Tree Hill in Richmond – there is a class 4 road right-of-way through there.

-Robin updated the comm. on the Rec Comm plans and ideas for Volunteers Green and "Richmond Acre."

-We discussed potential next steps for Sunshine Trail and Path to Park 'n Ride/Riverview Common.

-Next Meeting Tuesday Nov. 15th at 7:00pm.

Respectfully submitted,
Jean Bressor
