-We discussed the condition of several of the trails when it is wetter. This led to a bigger discussion about when, if and how we should close trails when it has rained and the trails are wet. We will continue this discussion at the next meeting.

-The Story Walk is due to be up the first two weeks in June along the Volunteers Green path.

-The map is just about printed. Ian will let us know when it is done and we can distribute.

-We discussed work parties that will need to be done on 'Sip of Sunshine' and the Upper Loop.

-Ian secured the Landowner Permission form from the Barretts.
