

Richmond Trails Committee
Tuesday January 17th, 2017

Present: Callie Ewald, Ian Stokes, Mrtha Marciel, Tyler Merritt, Jim Monahan, Sam Graulty, Willie Lee and Jean Bressor

Also present: Colin Green and Lars Whitman

-First item discussed was the newly formed chapter of VMBA, Vermont Mountain Bike Association, called Richmond Mountain Trails.

The Richmond Mountain Trails wants to expand on the Richmond trail system using agreements with private landowners to have bike trails on their properties. RMT provides liability insurance to the landowners. They are also encouraged to sponsor events during the year. They currently have a four - person board. They expressed an interest in working with the Richmond Trails Committee.

-There is approximately \$700 left from our OGE grant. Jim will look into purchasing various tools through the Home Supply. Willie will purchase the lumber he need for signage.

-We looked on a town map at the piece of property that Sally Fellows is donating the development rights to. There is about 250 acres of it in Richmond. Martha is coordinating a walk of Sally's property with her, for the first Friday in February.

-We reviewed the changes we would like to make to the map with Colin Green, who is generously donating his time on the map. He suggested making the map larger (tabloid size) to accommodate the changes and increase the font.

Respectfully submitted,
Jean Bressor
