

Hey Hannah-

Good to talk to you today.

I am interested in continuing on the Richmond Town Forest Management Committee. I was on the interim committee throughout 2017. My husband Mike and I co-sponsored a grant through the Conservation Alliance that helped Vermont Land Trust purchase the property.

What I bring to this committee: the ability to serve as a bridge between conservation and recreation as I am firmly in both worlds. I was a founder of Conservation Alliance's Backyard Collective. I am also an avid hiker, biker, dog walker and lover of Vermont's woods and meadows and streams. I have been a Richmond resident for 20 years. I currently serve on the board of Richmond Mountain Trails. I love my town and want these resources to be valued by all Richmond residents.

Professionally, I am a writer and photographer.

Thanks for your consideration.

Warmly, Berne
