

Hi: I'm interested in serving on the new Andrews Community Forest committee, if it is the pleasure of the Selectboard.

Info on me:

- Served on the Interim Andrews Town Forest Committee and a balancing member supporting wildlife and related habitats,
- Serve on the Richmond Land Trust board and its acquisition committee,
- Was an original participant of the Chittenden Uplands Conservation effort founded in about 2002,
- In the name of Prelco, Inc. and in my personal name own and manage conserved working forestlands in Richmond, Jericho & Bolton,
- Have served on several Town if Richmond boards including the SB, so I generally understand municipal processes,
- Have time and the desire to serve.

Thanks, Wright
