Re: Letter of Interest for Water and Sewer Commission Seat

Dear Select Board Members:

I would like to express my interest in continuing on as a Member of the Water and Sewer Commission.

I believe that my 30+ years of experience in construction has been helpful many times while I have served on the commission. I also feel that I bring a diverse point of view to the group, being that I am not only a water and sewer customer, but also a potential future customer (in the gateway), a business owner and developer.

Respectfully,
