to me

Good Afternoon,

Here is CUSI's application and attachments for Richmond's FY21. Shortly after I received your first email with the deadline date, I emailed Josh to let him know that our budget will not be Board approved until our October 24th meeting. He suggested to let you know that I have submitted last year's request and let you know that if there are any changes I will let you know by the end of October or early November, (email dated 9.16.19). Similarly, our Annual Report for FY19 will be approved at this same meeting and I will forward it along at the same time.

Have a nice weekend!

Vickie
