Subject: Interested in joining the Conservation Committee

Respected Sir/Madam,

I am very excited at the prospect of serving on the Richmond Conservation Commission,

I have lived in Richmond for seven years and absolutely love it here. I understand the importance of conservation efforts in and around the surrounding area.

Over the years I have volunteered in a variety of natural resource and conservation related projects, including completing the Vermont Master Naturalist Program two years ago. Prior to that when I lived in NH, I spent two years on the conservation committee in Canaan. I was a member of the Mascoma Watershed Conservation Council in Enfield, its goal was to conduct a watershed-wide Natural Resource Inventory <https://legislature.vermont.gov/statutes/y> for the Mascoma River Watershed. I also volunteered for the Mascoma Audubon chapter for three years.

When I moved to this area several years ago, I had the opportunity to work for Keeping Track (Sue Morse) for a few years, I continue to volunteer my time for Keeping Track today.

I truly enjoy volunteering my time with environmental organizations and being part of a team to accomplish shared objectives. It would be a pleasure to be a part of the Richmond Conservation Commission. Thank you for considering my interest in joining the Richmond Conservation Commission. I look forward to hearing from you.

Kit Emery
