

July 31, 2020

TO: Richmond Selectboard

FROM: Linda Parent, CVC, Richmond Town Clerk

I am asking approval from the Richmond Selectboard to place the candidates for Richmond Justice of the Peace on the November ballot, which printing will be paid for by the State of Vermont.

The Justice of the Peace candidates would be listed with the General Election candidates, including the candidate for Richmond House of Representative.

The information would all be able to be counted thru the tabulator at the end of the election.

I need your approval to be able to enter them through the Vermont state election management module.

If this approval is not granted, Richmond will have to have ballots printed at our expense and pay mailing costs to every active Richmond voter. We would also have to pay for coding the tabulator or hand count all the ballots.

Thank you for your consideration.

Approved by the Richmond Selectboard on August 3, 2020
