To: Todd Odit <todit@hinesburg.org>, Amy Grover <clerkbolton@gmavt.net>, Josh Arneson <jarneson@richmondvt.gov>, jabbott@jerichovt.gov, Cheryl Estey <cheryl@starksborovt.org>, Barbara Elliott - Town Administrator <townhunt@gmavt.net>

Hello,  
Please pass our quarterly report along to your Select Boards.  
Mike

### Quarterly Report to Towns - 2021-2022 Q1

The first quarter of 2021-2022 continued to see us busy with COVID-related activities. To date, we have administered more than 4,800 vaccines and assisted more than 3,000 people in getting tested for COVID. Our testing and vaccination calendar is full through the end of 2021.

In September we signed a nine-month contract with the towns of Hinesburg and St. George to provide ambulance service to their towns. We are lending this short-term assistance as the Hinesburg Fire Department awaits its new ambulance in 2022. Our crews are excited to get some additional calls and to work in a new area. This will add about one extra call per day.

In August we were awarded the American Heart Association's Mission Lifeline Silver Award. This was for our excellence in cardiovascular care in 2020. Some of the metrics include prompt acquisition of an EKG and rapid transport to a cardiovascular care center (UVM).

Call volume continues to be above average. In August we set records with 81 calls and 51 transports. Even without the additional call volume from Hinesburg and St. George, we expect 2021 to be our busiest year yet.

We've begun the year in a strong financial position. The additional income from testing, vaccinating, and our short-term contract with Hinesburg and St. George will allow us to move forward on some capital projects.

You can find all of our [town documents](#) in one location including our most recent Form 990 and last quarter's financial statements.

Please do not hesitate to reach out to us if you have any questions about our operations.

Sincerely,  
Michael Chiarella - Director of Operations  
Miles Lamberson - President
