216 RAILROAD STREET P.O. BOX 404 RICHMOND, VT 05477 PHONE: (802) 434-2394

DIRECTOR@RICHMONDRESCUE.ORG

Dear Richmond Selectboard.

This past year was another busy year for us. While our call volume fell during the early months of COVID we were still kept busy procuring personal protective equipment and ensuring that our crews could do their jobs safely. Our call volume rebounded over the summer leaving yearly call volume close to our average.

Prior to COVID, we were hard at work advancing EMS in Vermont and keeping the residents we serve safe. Here are a few of the highlights of the last fiscal year:

- We had three cardiac arrest saves in 2019-2020. Two of these incidents occurred on back to back days
  and a third occurred during the COVID lock-down. Numerous other local departments, including Richmond
  Police and Fire Departments, co-responded to these incidents.
- Our network of Public Access Defibrillators continues to grow. Most recently, we added a unit at the Jericho Country Store. We have now helped place a total of ten AEDs.
- Our backcountry rescue team had a quiet winter but remains ready to respond to backcountry emergencies through the county. In addition to many EMTs, we also have two physicians on the team.
- In the spring, we were one of the first services in the state to begin using the new 2020 Vermont EMS
  protocols. Within a few days of coming online, one of our paramedics was able to administer a medication
  that would not have been possible prior to the protocol update.
- In collaboration with Williston Rescue and UVM Medical Center, we set up a multi-agency "mock-crash" training that involved the UVM HealthNet helicopter responding. Providers were able to practice responding to a high acuity incident in a highly realistic simulation, followed by intensive debriefing.

By the numbers 2019-2020:

- Richmond Rescue responded to 659 calls
- Total calls in Richmond: 266
  - o I-89 Richmond: 21
- Average response time to calls in Richmond: 8:00

Our volunteer workforce remains strong with 37 active volunteers donating more than 20,000 hours each year.

For the 2021-2022 fiscal year, Richmond Rescue is requesting \$78,012. This is a 2% increase from the previous budget year. The increase will help to cover cost of living increases for employees, increasing health insurance premiums, and the rising cost of medical equipment.

As always, we are committed to financial and operational transparency. We have attached a copy of our proposed budget and statistics from last year. Please contact us if you have any questions or would like to have us meet with the Selectboard.

Sincerely,
Mulul Ourlles

Michael Chiarella
Director of Operations

# Town of Richmond Request for Special Appropriations

Request for Fiscal Year: July 1, 2021 - June 30, 2022

## Richmond Rescue, Inc.

216 Railroad Street Richmond, VT 05477 Phone: 802-434-2394

www.richmondrescue.org

#### **General Information**

Program Name: Primary ambulance service Contact Person: Miles Lamberson, President

802-434-2394

president@richmondrescue.org

Michael Chiarella, Director of Operations

802-434-2394

director@richmondrescue.org

Population Service last fiscal year: Approximately 9,000 residents and any transiting public in the towns of

Richmond, Huntington, Bolton, southern Jericho, and northern

Starksboro.

Total Richmond residents served: Approximately 4100 residents and any transiting public

Percent of people served who are Richmond residents: 33 %

Amount of Request: \$78,012 Total Program Budget: \$473,835

Percent total request for Richmond: 16.4% operating

Agency mission: Richmond Rescue, Inc. provides prehospital ambulance care and treatment to the sick and injured, residents and visitors, in the towns of Richmond, Bolton, Huntington, and Jericho.

#### **Question 9**

Funding will be used to maintain an existing program. Funding has been provided by the town for the same program for many years. This request represents a modest increase over our previous appropriation. The increase is accounted for by general inflation in the health care sector which leads to higher prices for medications and equipment.

## **Program Overview**

# Question 1

Richmond Rescue provides primary ambulance service for the entire Town of Richmond. We provide 24/7 in-house coverage including growing paramedic coverage. The Town of Richmond averages 250 requests for service each year; as of October 1st we have received 198 requests for service. We average thirty-three calls for service on the interstate in Richmond each year.

# 2. Program Summary Section

## Question A

Richmond Rescue serves residents in the entire Town of Richmond. We also serve anyone transiting the town highways and Interstate 89. Richmond Rescue serves anyone making a request through 911 without respect to age, gender, income, or residence.

#### **Question B**

Through continued funding, the Town of Richmond will benefit from continued professional and quick ambulance service. Town residents will be served by the closest paramedic level ambulance service resulting in decreased resident morbidity and mortality. Richmond Rescue works hard to advertise both our emergency response capabilities and our public health projects which include: subsidized cost green 911 house signs, a car seat fitting station, public CPR and first aid classes, and the Richmond Rescue Opioid Task Force which provides public health education and intervention, demonstrating our commitment to helping solve the opioid crisis.

# 3. Program Funding

#### **Ouestion A**

Funding amounts will provide twenty-four hour ambulance coverage from crews based in station. Our response includes paramedic and/or Advanced EMT (AEMT) level care and a chute time (speed from dispatch to ambulance response) of less than two minutes.

# Question B

Richmond Rescue derives its revenue from three separate sources. Insurance reimbursements, fundraising, and town contributions derive the total program budget. Lost revenues would not result in an immediate reduction in ambulance service but would require immediate and difficult decisions as to the future of the program. Without vital town funding and private fundraising Richmond Rescue would have difficulty replacing expensive durable equipment and other vital medical supplies.

# C. Organizational Capacity

#### Question 1

Richmond Rescue has provided ambulance service to the towns of Richmond, Huntington, Bolton, and Jericho for more than forty five years. Originally organized in 1972 to serve only the Town of Richmond the squad quickly expanded its vital mission and has been a reliable source for pre-hospital emergency care since that time. More recently the squad received the Vermont Department of Health "Ambulance Service of the Year 2014" award for our commitment to high-quality medical care and public health outreach. In 2018, a full-time paramedic with Richmond Rescue was awarded the Paramedic of the Year by the State of Vermont. We are staffed by three full-time staff members and approximately 40 volunteers. Our Director of Operations, Michael Chiarella, recently celebrated his fourteenth anniversary with Richmond Rescue. During his tenure, Mr. Chiarella has overseen the modernization and growth of the squad from a strictly volunteer squad to a professionally staffed and professionally operated organization.

## Question 2

To assess the program, Richmond Rescue will use important response data collected in our Electronic Patient Health Record system. We audit to ensure the time between ambulance dispatch and when the ambulance is enroute to an incident, is less than two minutes per call. In addition, we model average response times to all our response areas to ensure all responses are within an average and acceptable time limit. In addition, our medical care is reviewed through a continuous quality improvement program and overseen by Dan Wolfson, MD, FACEP, who also serves as the Vermont State medical director.

#### **Question 3**

Please see the attached response data.

## **Question 4**

Please see the attached capital plan.

## **Question 5**

Authorized size of Board of Directors: 7

Number of Board of Directors meetings held 2019-2020: 12

I, the undersigned, confirm the information contained herein is accurate and can be verified as such. I understand and agree that if the requested funds are approved, the disbursement of funds are subject to all conditions established by the Richmond Selectboard.
