Hi Josh,

Are you aware that the ARPA funding is only for failed systems at mobile home parks? Riverview Commons' system has not failed and is not now failed. It functions as intended.

Also, this is notice to the Town that the Park does not at this time desire municipal sewer service, since it has a functional and adequate on-site system.

Finally, please send me a complete list of all registered voters in the existing and proposed sewer district.

Please circulate this email to the selectboard.

Thank you.

There are no specific plans yet, just a draft PER that can be found on the town website I'd suggest sending anyone/everyone here:

<http://www.richmondvt.gov/documents/water-sewer-commission-meeting-documents/archived-water-sewer-agendas-packets/>

.....to check out everything/anything there is to know about the gateway, maybe?

Is there anywhere I can inform people of with the plans of the sewer extension that they can look at?

Please advise.

Thanks, Linda
