4.4.1 What other permits might be required? Given the elevation of some areas within Williston and their proximity to the approach path for BTV Runway 15-33, The Federal Aviation Administration has requested that a form 7460-1 be submitted for any construction or alteration that is more than 100 feet above ground level at its site. The form contains instructions and information to be filled out, including the location of the project, the duration of construction, the height of the permanent structure, and the tallest of any construction equipment to be used.
