Request of Waiver

Town of Richmond DRB
203 Bridge St.
Richmond, VT 05477

Dear Richmond Developmental Review Board,

My name is Matt Orrell and I work for Umiak Outdoor Outfitters in Stowe, Vermont. Umiak is seeking permission to waive the formal site plan criteria found in the Conditional Use Application. As you may or may not know, Umiak is applying for a Conditional Use Application to install a seasonal/removable ladder at the Overocker Park in Richmond, VT. We are seeking this approval due to the nature of our installation. Our installation is temporary, seasonal, uncomplicated, and most importantly on the Town of Richmond Land. We feel that the maps and pictures that we have supplied, along with the schematics from the Northern Forrest Canoe Trail, should adequately represent what our intentions are. Our ultimate goal is to prevent river bank erosion and create a safe experience for both our clients and the public alike.

We plan to have the ladder installed from May 15 - September 15.

We hope that you understand our point of view and look forward to our meeting in mid-April. Thank you for your time and your consideration.

Thank you,

Matt Orrell
Umiak Outdoor Outfitters
