Hi Tyler,

Plausible to do this being off Hillview Rd. Probably not the most ideal, but would only work because its off of this road. Ideally it would be unique entirely to town/zipcode. this would be up to your selectboard, if they wanted this name, or something more unique. I may suggest getting at least one more option incase your SB wants to go with something more unique.

Took the liberty for you to number based on the siteplan. Let me know if you want me to add these. Certainly if they either don't build to the specs of the siteplan, or change the siteplan, we will need to renumber these if you go with them.

- Lot 1 = 2097
- Lot 2 = 2099
- Lot 3 = 2235
- Lot 4 = 45 or 69 new rd, pending main driveway
- Lot 5 = 46 new rd
- Lot 6 = 169 new rd
- Lot 7 = 136 and possible 138 new rd.

Hey Tyler, I have a subdivision that's coming in for final review. They have a private road that needs to be named. They were thinking of Hillview Heights Way. Do you have any problems with that? I have attached the road location below.

Sincerely
