Sincerely,

Greg Montgomery | AIA  
Principal, OSA

Masonry/Hardscapes

Excavation/Landscaping

## Scope of work 2:

Import approximately 100 yds of fill and place in a 3'x4' for flood protection on northwest side of property and raise grade as much as possible without blocking drainage on the northeast side of property

Import and place approximately 25 yards of topsoil to establish grass on berm and raised grade

Rake and seed construction area

**Scope approximate cost: \$8,375**

## Project Notes:

Project requires a \$500 scheduling deposit

Project requires a 25% Materials deposit due at 2 weeks before construction

Estimate valid for 2 Weeks
