

Construction Update

Williston VT 2A and Industrial Ave Project [Williston STP 5500(17)]

DATE: Friday, September 4, 2026

SPECIAL ANNOUNCEMENT: Crews will be off the roadway by noon today, September 4, in observance of Labor Day weekend and will return to the project area on Tuesday, September 8.

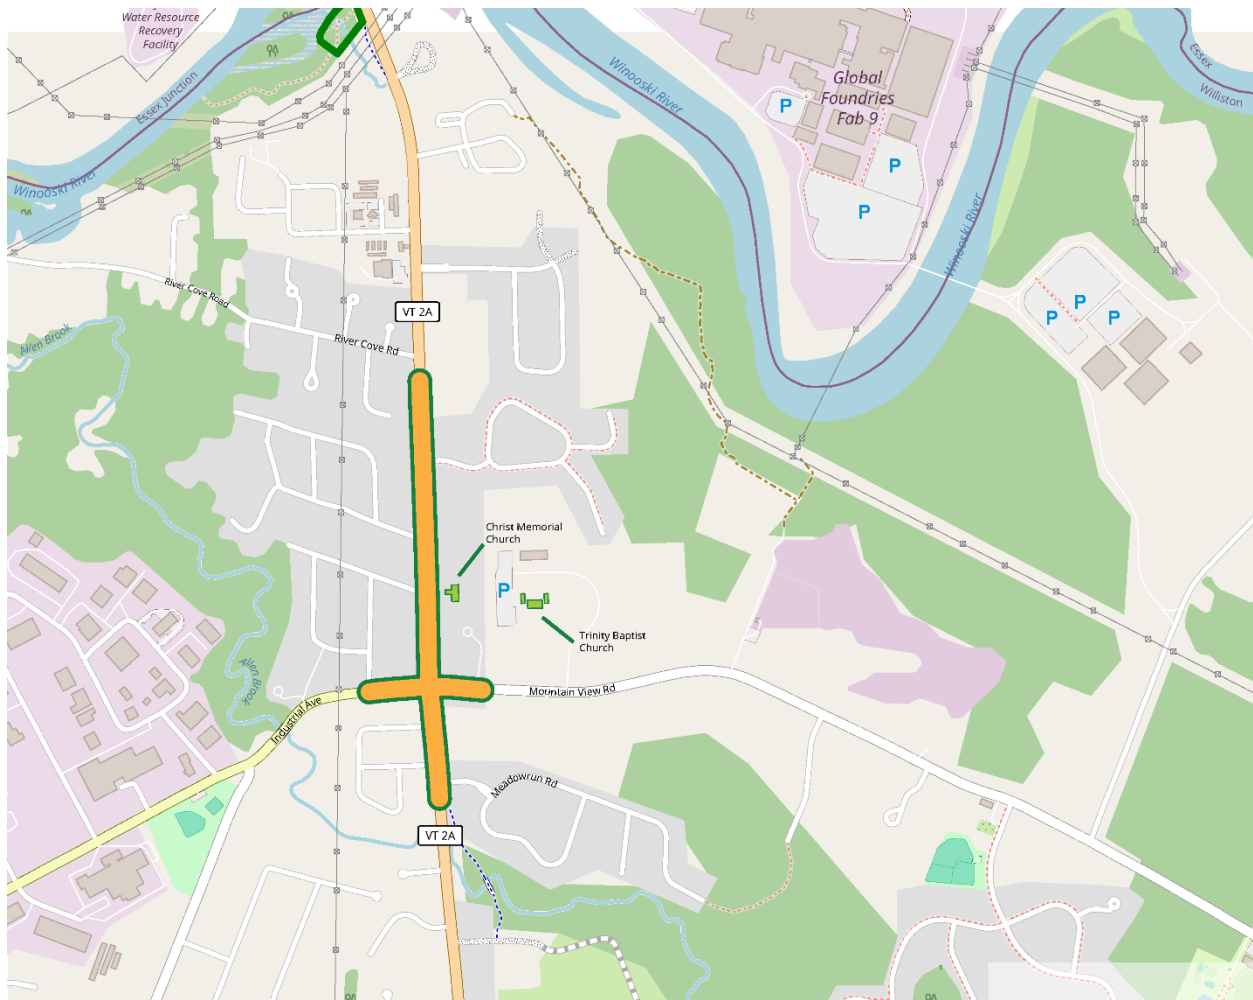

TRAFFIC IMPACT AND DURATION: On Tuesday, September 8, and Wednesday September 9, between 6:30 a.m. and 6 p.m., Sharon Drive, Hillside Drive, and Bittersweet Circle may have intermittent lane reductions at their VT 2A intersections as well as Marions Way at its Mountain View Road intersection, with flaggers controlling traffic for the intersecting side streets. Between 9 a.m. and 3 p.m., there is potential for single-lane closures with alternating one-way traffic on VT 2A between Mountain View Road and Bittersweet Circle.

On Thursday, September 10, and Friday, September 11, major delays are expected at the intersection of VT 2A and Industrial Avenue and Mountain View Road as milling and patch paving operations take place. Between 9 a.m. and 3 p.m., lane closures will be in effect, with flaggers controlling traffic at the intersection. *Milled road surfaces will be present at the intersection.* **Drivers are encouraged to consider traveling alternate routes when possible or plan extra travel time through the project area.** Drivers should slow down, use caution, and pay attention to flaggers and signage.

CONSTRUCTION ACTIVITIES: Next week, crews will install a culvert on Marions Way on the north side of Mountain View Road. They will also prepare for future sidewalk construction at the intersections of VT 2A and Sharon Drive, Hillside Drive, and Bittersweet Circle, and place gravel at the Sharon Drive and VT 2A intersection. On Thursday and Friday, crews will mill the intersection of VT 2A, Industrial Avenue, and Mountain View Road and patch pave the remaining trench within the intersection.

Crews place curb backing on the east side of VT 2A between Mountain View Road and just south of River Cove Road, including topsoil and temporary gravel driveway aprons.

LOCATION: The project limits (highlighted in orange above) include the 0.7-mile segment of Vermont Route 2A (VT 2A) in Williston, VT from Meadowrun Road to just south of River Cove Road, including its intersection with Industrial Avenue/Mountain View Road.

PROJECTED COMPLETION: Fall 2026
