

Construction Update

Williston VT 2A and Industrial Ave Project

[Williston STP 5500(17)]

DATE: Friday, October 2, 2026

TRAFFIC IMPACT AND DURATION: From Monday, October 5, through Friday, October 9, between 6 a.m. and 6 p.m., Vermont Route 2A (VT 2A) between Meadowrun Road and River Cove Road will maintain two-way traffic, with lane shifts and turn lane closures at the Industrial Avenue/Mountain View intersection. If needed, intermittent single-lane closures with alternating one-way traffic controlled by flaggers may occur between 9 a.m. and 3 p.m.

Intersecting side streets along VT 2A, Industrial Avenue, and Mountain View Road within the project area will have single-lane closures with alternating one-way traffic controlled by flaggers at their intersections while crews complete final paving of side street aprons.

Drivers should slow down, use caution, and follow directions from flaggers and posted signage.

CONSTRUCTION ACTIVITIES: Early next week, crews will finish paving intersecting side street aprons within the project area, then begin paving driveway aprons on Industrial Avenue between VT 2A and Gail Terrace, and on Mountain View Road between Marions Way and VT 2A. Crews will also start installing permanent line striping and pavement markings throughout the project area. All paving and line striping work is weather dependent. In addition, crews will clean drainage structures and conduct punch list work throughout the project area. There is potential for traffic signal work to take place at the VT 2A/Industrial Avenue/Mountain View Road intersection.

Crews pave the final wearing course of asphalt throughout the project limits in Williston, VT.

LOCATION: The project limits (highlighted in orange above) include the 0.7-mile segment of Vermont Route 2A (VT 2A) in Williston, VT from Meadowrun Road to just south of River Cove Road, including its intersection with Industrial Avenue/Mountain View Road.

PROJECTED COMPLETION: Fall 2026
