Meeting started 15 minutes late due to a double-booking of Zoom room.

6:15 PM Welcome & Public Comment

- **Chuck Gilroy**
- **Karen and Don Yaggy**

6:05 Existing Parking Area Discussions

Volunteers Green

Feedback from a recreational cyclist park at volunteer greens – are cyclists taking spaces from park users? Something to keep an eye on. Easy central location that dog walkers and cyclists use. Maybe a public notice to encourage people to park at Overrockers.

Checkered House Bridge Status

- Emails with Pete and Lars
- Lars offered to monitor usage
- Richmond Trails committee is encouraging mountain bikers to use Checkered House Bridge parking. Lars has closed his private parking on end of Johnnie Brook Road.

- Pete likes this parking because people in the past were parking in the stormwater area in front of rock cut.

6: 20 Bombardier Meadow

- Temporary parking can only be for an “event.” Working with Tyler from zoning. Present to DRB mid-July. PAC has offered to help, but RLT will lead permitting process.
- Lots of traffic this past weekend (hot!)
- 20 cars parked along the road with lot full.
- Diane showed some photos from this past weekend – Bombardier may need some additional signage (no night parking, no overflow parking). RLT will do signs within parking area, PAC may have to handle parking on road.
- Construction on route 2, Cochran Road may need enforcement sooner.
- Addressing Lot Full issues.
- Written verbiage – Karen Yaggy – suggesting more public notices to discourage roadside parking. Umiak – refund on tubes if parking is full?
- Seemed like primarily tubers?
- Parking attendants next year – Diane? Lot full sign

6:55 Overrocker

- No update.

6:55 Round Church

- No update

Side note – will not be pursuing RR parking.

6:05 PM Dugway Road

- Existing Parking Areas (John and Kevin) – tabulated number of parking spaces
- Kevin observed 73 cars parked along Dugway on Sunday afternoon – shared photos.
- Parking app that shows when area is full discussion?
- Fire Lane on Dugway Road? Is this possible?
- Don suggests, like Shelburne Beach, – “residents only for their beach”.
- Karen doesn’t want the road filled up with signs.
- Chuck asked how many trips these locations can sustain and support then limit the amount of people that attend.

- Karen wants positive parking spaces marked.
- Jon Rankin – most places two cars could pass each.
- John Cohn – RLT signs are a little small and hard to see from the car.
- Karen – map the road and transfer to

7:25 Next steps:

- Create a figure showing existing parking locations – Kevin, John and John will work on.
- Get a count of existing parking spaces (see above)
- Chuck – look at Dugway Road in sections.
- Develop signage for existing locations
- Continue outreach to neighborhood
- Town wide survey for parking on Dugway
- Begin summarizing findings into document
- John Cohn - discussions with Kyle PD. Enforcement actions. Are we using our PD effectively? Keep track of enforcements this year.
- RLT got a part time steward for the gorge – Diane
- Chuck – mid-afternoon is the busiest time.
