Suit reasons continued

5 - Snow plowing trespass, elevated slip fall risk, increase of impervious surface. Defendants could easily mitigate and cure by implementing ANR GIS GREEN INFRASTRUCTURE SYSTEMS and are deliberately not following best practices.

6 - Allowing the paving, unlawful occupancy by 3rd parties, occupancy and drive through use will permanently deny use enjoyment of his family's property.

7 – Perpetual hazardous conditions created by non-conforming drive-thru.

8 - Zoning permit issued prior to tolling of DRB approval, improperly posted (hidden, not near street)

9 - Defendant is proceeding with adverse actions even though it has no permits, see Daly letter.
