Recliner	\$	11.00	
Over Stuff Chair	\$	11.00	
Carpet 10x12	\$	.2/ square foot	
Toilet	\$	15.00	

#### Description of changes:

- The changes to the bag Prices are very small 1 quarter more for the 15- and 45-gallon bags. 1 Quarter less for the 30-gallon bag.
- 30-gallon bag is most used size.
- Current CSWD prices are 3.00/8.00/11.00 for reference/comparison.
- We want to change the recycling to have prices tied to them as we do at all the locations we run to reflect the price for disposal of these items.
- Compost would be the same .20 cents per gallon but would have an actual cost instead of being free with trash. to reflect the price for disposal of these items.
- Clarified the yard waste rule to 2 free yards a day before any cost would occur like the clean wood that is set at 1 yard. This would still be per day.
- Tires are mostly the 19.5-inch size and under and reflect the cost of getting them removed by 3<sup>rd</sup> party vendor.
- Changed to one price for freon units as they are all charged the same to us for the cost of removal.
- I believe the mattress pricing was submitted as a typo and should have had a corresponding price increase by size as they do at all other Casella run drop off sites.
