35 Wood stated that there is an upcoming budget meeting on December 8<sup>th</sup> with a final  
36 review on Tuesday, January 6<sup>th</sup>. After the January 6<sup>th</sup> meeting, there is limited time to  
37 make any drastic changes so December 8<sup>th</sup> is the time to do it.

44

45 Wood reviewed the dates to fill the vacancy for the Selectboard:

46 -Wed, December 10, letters of interest are due to the Town Manager

47 -December 11, letters of interest will be posted on website

48 -December 15, Selectboard meeting reviews letters and makes an appointment  
49

50 Arneson confirmed that letters of support for a candidate may be submitted until Dec 15<sup>th</sup>  
51 meeting.

52  
53 Rabideau presented his letter of interest to the Selectboard.

54  
55  
56 **Update on status of completion of Ethics Training and signing of Ethics**  
57 **Acknowledgement forms by committee members and staff**

60  
61  
62 Arneson presented that not much has changed since 11/25 list. Individuals and  
63 Committee chairs are provided with updates. Arneson summarized that there is no  
64 enforcement from the State, but it would be taken into consideration if there was an  
65 Ethics complaint filed against someone. Hill suggested asking for new appointments to  
66 confirm they are willing to take the Ethics training and sign the form as part of the  
67 interview. Arneson confirmed that the list of names could be published for the next  
68 meeting in the packet.

69  
70  
71 **Consideration of reducing the size of the Fourth of July Parade and Fireworks**  
72 **Committee**

73 Timestamp: 0:11

74  
75 Glennon summarized the downsizing of the Committee to seven members.

76  
77 *Sander moved to set the size of the Parade and Fireworks Committee to seven members.*  
78 *The following seven members will be on the Committee Haland Stockwell, Tom*  
79 *Carpenter, Sue Glennon, Justin Spence, Rebecca Roose, Julie Wahlin and Stefani*  
80 *Hartsfield.*

81 *Roll Call Vote: Filkins, Hill, Sander, Wood in favor. Motion approved.*

82  
83  
84 **Discussion of using funds from the July 4<sup>th</sup> Celebration Reserve Fund to partially**  
85 **pay for the 2026 July 4<sup>th</sup> Fireworks**

86 Timestamp: 0:15

87  
88 Roose presented that the July 4<sup>th</sup> Committee does not want to put the fireworks on  
89 Australian ballot. The 250<sup>th</sup> Anniversary of the country is probably not the best time to  
90 do it. Haskins asked why they did not want it on Australian ballot. Roose stated that the  
91 Town took over the cost 3 years ago and it has never been on the ballot before. Wood  
92 suggested discussing this at the next budget meeting. Glennon reviewed that the July 4<sup>th</sup>  
93 Committee has \$1,700 left and are allowed to do a coin drop. Arneson stated that there is  
94 \$8,700 in the Reserve Fund and if they raise \$3,000 then they could contribute \$7,000 to  
95 Fireworks increase and still have ~\$4,600 for expenses. Roose summarized that they are  
96 looking for other business sponsorships to help keep this a free event. Hill summarized  
97 that having the Fireworks on Australian ballot is similar to the Conservation Reserve  
98 Fund and Charitable Appropriation Request process. Wood stated that the Selectboard  
99 will discuss the plans at the 12/8 Budget meeting.

Arneson reviewed the progress report for road work with a lot of it due to flooding. Arneson thanked the Highway Crew for always doing a little bit more whenever they repair something.

**Discussion of traffic calming options for the intersection of Thompson Rd., Huntington Rd., Bridge St., and Cochran Rd.**

Wood and Arneson summarized that this is a follow up to previous discussions on speed humps and Traffic Calming Measures at the intersection. Gosselin said that the four-way stop is an option, but the unknown is the backup on Bridge and Huntington Rds. Gosselin stated that he thought the simplest solution was the speed humps. Wood observed that this portion of Town used to be an Agricultural Residential district and is now Village Residential Neighborhoods South and should be similar to the other side of the bridge.

Gosselin confirmed that adding four stop signs, changing the ordinance and pre-warning could be done. Farr stated that another traffic study should be done during the school year to observe bus and driver traffic as it already backs up without a four-way stop. Filkins stated the four-way stop is worth exploring but her concern is also the traffic. It's certainly not easy to navigate if you have no idea what's going on there. Hill stated that he is inclined to experiment with the four-way stop as it trains drivers not to clog the intersection. Gosselin stated that it would be about \$200 per stop sign. Arneson reviewed that with a passed Ordinance change they might be able to put up the stop signs by March. Arneson confirmed that he will get the process started for a draft change in the Ordinance.

**Discussion of misinterpretation of Acting Zoning Administrator authority**

Timestamp: 1:05

[https://www.richmondvt.gov/fileadmin/files/Selectboard/Meetings/2025/11/3h\\_Acting\\_ZA\\_Policy\\_signed.pdf](https://www.richmondvt.gov/fileadmin/files/Selectboard/Meetings/2025/11/3h_Acting_ZA_Policy_signed.pdf)

150 Arneson reviewed how the current Director of Planning and Zoning (Keith Osborne) was  
151 training the newly hired Zoning Administrative Officer (Dante DeNault). Arneson  
152 reviewed that the actual statute dictates that only the Acting Zoning person may sign  
153 when the Zoning Administrative Officer is out of the office for more than two days. The  
154 permit that was approved by the Acting Zoning Administrator was not appealed within  
155 15 days and will be going to the DRB. Osborne will be signing permits going forward  
156 until DeNault is approved. The Selectboard approves the Acting and Full Administrative  
157 Officer. Osborne confirmed that the procedural defect has been corrected. The ZA  
158 recommendation is on the upcoming Planning Commission meeting. Osborne confirmed  
159 that DeNault had intensive training over the 12 weeks and has been fantastic.

160  
161 BrooksC stated that the permit issued was appealed by her and her husband. BrooksC  
162 summarized a letter to the Selectboard about the hiring of the ZA before they were hired.  
163 Once they are appointed Zoning Administrator there is not a lot of authority. BrooksC  
164 stated that they appealed the permit for lack of authority and the interpretation of the  
165 Town Zoning bylaws. Now she is in a Zoning appeal because of a mistake at the  
166 Administrative level at the Town. BrooksC stated that the Selectboard should review the  
167 permits that have been issued in this period, see when they were signed, type of permits  
168 issued, and if any glaring problems. Wood stated he did not know why they would  
169 review permits or pay someone to do it. Wood stated that a mechanical procedural lesson  
170 may have been learned and will continue to evolve. Wood summarized that the  
171 Selectboard cannot step-in and train DeNault better than Osborne. Arneson confirmed  
172 that DeNault has been doing that research to learn how to act as the Zoning  
173 Administrative Officer and not just the Acting Zoning Administrative Officer. BrooksC  
174 and Arneson confirmed that DeNault was hired in September and appointed as Acting  
175 Zoning Administrative Office on October 6, 2025

189  
190 Arneson summarized the previous Selectboard meetings that discussed Peet request to  
191 develop Lot 12. Arneson stated that the Town does not maintain the driveway that is on  
192 Lot K as it is maintained by the 3 parcels it serves. The question is if the Town wants to  
193 retain ownership of Lot K with the rural road standards of serving four lots. Arneson  
194 stated that Peet wanted to upgrade the lot, upgrade to rural road standards, and the Town  
195 retain possession of the road.

196  
197 Peet stated that Osborne confirmed that the rural road only needs to go to the first  
198 driveway and not Lot 12. Peet presented a plan where the road cost would be shared by  
199 the four, but it would stay with the land. Peet explained the costs associated with the

200 water running down the middle of the road. Peet stated that he is asking for the Town to  
201 keep the 260 feet maintain it in the future. Gosselin stated that the Town currently does  
202 not do any maintenance on that. KreiderA stated that he lives on Lot J and the main  
203 concern is the cost of the upgrade and the charge in maintaining it. Hill stated that he  
204 represents the interests of the Town and takes the same view. Wood summarized that  
205 increasing the width of the road and rural road standards is a significantly higher  
206 construction and maintenance than a shared driveway. Wood stated that he wants an  
207 agreement where everybody is okay with it. BrooksC stated that the extension to go to  
208 some lots were never added to Mary Dr stormwater permits. Filkins summarized that she  
209 would like to see an agreement and was not ready to act tonight. Wood stated they could  
210 convey Lot K to anyone and it would be State Statute, but he does not think the  
211 Selectboard wants to do it. Hill summarized that during his ~30 years, he has seen bad  
212 things happen from the Town taking over roads.

274

275 Arneson provided a summary of the FY26 Q1 financials in the packet. This is the first  
276 quarter of FY26 so things should be at about 25% for the year but taxes collected are  
277 actually at 140% due to some people paying in advance. Arneson summarized that a few  
278 things are over, a few things are under and nothing is dramatically out of whack.

**Review of draft Town Meeting warning**

Arneson reviewed there might be some changes and there are only two votes from the floor. One is to hear and accept the report to the Town Officers, and the other is to transact any business legally that may become before the meeting so it could be a very short in person meeting. The Australian ballot will have many articles. There will be two informational meetings that explain the budget and the Australian ballot. Wood stated that the last time to make changes to the budget are at the December 8<sup>th</sup> and January 6<sup>th</sup> meetings and the informational meetings only present the vote.

**Chat file from Zoom:**

00:05:59 Caitlin Filkins: Just a note that I may be on and off camera but I am here! I have a bad cold so dialing in.

00:08:22 Caitlin Filkins: Thanks Greg - Apologies to miss you in person.

00:11:11 Trevor Brooks: Can you publish the list?

00:13:12 Trevor Brooks: Thanks

00:30:10 Jean Haskin: I would like to see it on the ballot

00:30:49 Jean Haskin: It's a huge increase

00:37:40 Steve Coia: We live on the corner of Cochran and Thompson and this intersection is an accident/injury/tragedy waiting to happen. Almost daily we hear horns being used at people who are approaching from the bridge and are going straight onto Thompson. They stop and yield, as they should, to traffic coming from Huntington Rd and the driver behind them is often caught off guard and blasts them w/ their horn. If there was a stop sign installed on Bridge St coming from the bridge everyone would expect a stop to occur. We have learned to use our left turn signal even when we are going straight across but many folks do not know to do this.

00:40:35 Jean Haskin: How many accidents in the last 50 years

00:45:12 Andrew Bessette: How expensive is 4 stop sign, try stop signs first. and see what happens.

00:45:29 Jean Haskin: Worried vs accidents

00:45:56 Jean Haskin: I worry about paying my taxes

00:54:46 Jean Haskin: Just leave the intersection as is

00:57:08 Erin Farr: I don't know if its possible but can we hire Shelburne PD or an agency to enact a 4-way stop for a week at both ends of the travel day to see what the impact of traffic is?

00:58:45 Jean Haskin: 4 way stop is going to create accidents. People won't know who should go first.

01:01:21 Andrew Bessette: people know how to use a 4way stop. it will slow traffic, you only need 2 more stop sign, I would like to try 4way stop for a while to see what happens. How expensive is 2more stop signs.

01:07:30 Jean Haskin: Good topic for town meeting discussion

01:43:58 Trevor Brooks: Prorated based on use

02:00:08 Caitlin Filkins: Take a look at Overlook Lane covenants as an example
