

Line Stripping Bids 2026

	Quantity	Cost per foot	Total
L & D			
feet of 4 inch white fog line	140,660	\$	0.115 \$ 16,175.90
feet of 4 inch <i>single</i> yellow line	22,176	\$	0.115 \$ 2,550.24
		Total	\$ 18,726.14
K5 Corporation			
feet of 4 inch white fog line	140,660	\$	0.120 \$ 16,879.20
feet of 4 inch <i>double</i> yellow line	11,088	\$	0.220 \$ 2,439.36
		Total	\$ 19,318.56

In the bid we indicated the total length of single yellow line. So if we had 100 feet of road we asked for 200 feet of yellow line which assumed two yellow lines next to each other. L & D understood and bid it that way. K5 Corporation bid it as "road feet" so that is why their double yellow line cost per foot is about double their single white fog line cost per foot.

To correct for this we cut the quantity in half for K5 Corporation which gets us "road feet", then the totals for both companies are based on the same lengths of road and lines.
