You don't often get email from kirkmakespizza@gmail.com. [Learn why this is important](#)

This is Kirk Peterson, representing the Richmond Congregational Church. We are in the process of raising funds to put in a play structure in the back of the church. I'd like to make sure as many of the funds are directly going to the structure so would like to ask for a waiver on the permit fee.

The church is a non-profit center of the community. We not only serve as a place for worship but also serve as a space the wider community uses on a regular basis:

1. Friday Food affair
2. Boy scouts
3. girl scouts
4. bone builders
5. AA
6. Joyful horizons (a home school focused educational service)
7. Music lessons for several music teachers in our community

Thank you for your consideration. -Kirk (Chair of the Trustees for RCC)
