

Coin Drops

Category: Richmond Selectboard Policy
Number: 2015-001
Responsibility: Richmond Fundraising Groups
Authorization: Richmond Selectboard
Approval Date: 9/3/2013
Amended: 6/20/2016

Purpose:

To limit and eventually eliminate coin drops conducted in the Town of Richmond but also preserve the option of the two existing groups (Richmond Fire Department and the Parade and Fireworks Committee) to continue to requests coin drop dates, until they decide to discontinue their coin drop fundraising activity in Richmond.

Policy:

The Town will continue to allow the two current groups to annually conduct two coin drops each. Permission must be granted on an annual basis.

Procedure Summary:

- The Town of Richmond Selectboard will only consider requests for holding a coin drop in the Town of Richmond from the Richmond Parade and Fireworks Committee or the Richmond Fire Department. No other groups are eligible to request approval for coin drops on municipal highways. The Town will not approve, if so asked, and will discourage any State approval of coin drops on state highways in Richmond.
- The Town will only approve two dates for coin drops per calendar year per organization. Two for the Richmond Parade and Fireworks Committee and ^{two} one for the Richmond Fire Department.
- The coin drop must be accomplished in full compliance with State Agency of Transportation rules.
- The dates of the coin drops must be at least six weeks apart from each other.
- Both dates must be submitted and approved by the Selectboard prior to the date of the first coin drop.

Amendment:

The Richmond Selectboard may amend this policy for time to time by affirmative vote of the Board.

Signed by Richmond Selectboard this 20th day of JUNE 2016 for recording with Richmond Town Clerk.
