**Subject:** Gateway Project

Richmond Water & Sewer Commission,

We are vehemently opposed to the plans slated for the Gateway Project. We are not willing to give the town 30' of our property. It is not yours to take. We are not willing to be placed on a public sewer and water system. Our serves us well without issues. There is no need for us to pay the town for something we successfully manage ourselves. We pay our taxes; too many in fact. We will not pay for unnecessary work.

You obviously enjoy wasting money. Your project would substantially ruin the work the state road crew recently completed along Route 2. Find something constructive, that people could use and get behind. Stop wasting the residents time with this Gateway Project nonsense.

Respectfully,

Paul & Peggy Zugaro
